rani durgavati vishwavidyalaya

Masters of Commerce

2019 (August)- 2021 (July)

Courses

Skill Academy By Testbook

Full Stack Development

Career Course

2023 (March) - 2024 (January)

Skills

- HTML5 & CSS3
- JavaScript
- React.JS
- Tailwind
- WordPress
- Figma & Canva
- Git, GitHub
- Deployment & Hosting: Hostinger, Netlify, Vercel

Experience

Front-End Developer

2024(May) – Present

SkillEcted Educations Pvt. Ltd.

I designed and developed the SkillEcted website from scratch, leading the entire project lifecycle from conceptual design to final implementation. I created and integrated all content, ensuring a cohesive and engaging user experience. By utilizing modern front-end technologies and best practices, I delivered a high-quality, fully functional website. Additionally, I serve as a frontend trainer, mentoring aspiring developers and sharing my expertise to help them succeed in their careers.

Freelancing

2024(May) – (July)

Front-End Developer

Developed a comprehensive healthcare platform connecting patients with over 2,500 doctors and 3,000 hospitals worldwide. Leveraging React, JavaScript, HTML, and CSS, I created a user-friendly interface with:

- **Dynamic Content Management:** Managed a massive JSON dataset exceeding 40,000 lines for efficient information display of doctors, hospitals, and healthcare services.
- **Intuitive Navigation:** Implemented clear navigation between the home page, doctor profiles, and hospital listings.
- **Advanced Search & Filtering:** Enabled users to filter doctors by city, specialty, and affiliated hospital, facilitating a streamlined search experience.
- **Multilingual Support:** Incorporated language switching for over 7 languages, expanding the platform's global reach and accessibility.
- **Detailed Profiles:** Created doctor and hospital profiles featuring detailed information, contact details, and WhatsApp integration for easy communication.
